

**PUBLIC NOTICE**  
For  
Air Quality Operating Permit  
for Clovis Regional Solid Waste Facility Landfill of Clovis (City of) Public Works

Clovis (City of) Public Works at PO Box 760; Clovis, NM 88101 has submitted an air quality operating permit application to the New Mexico Environment Department (NMED) for an air quality operating permit for its Clovis Regional Solid Waste Facility Landfill. The owner of this plant is the city of Clovis, New Mexico. The exact location of the facility is/will be at latitude 34 deg, 23 min, .8 sec and longitude -103 deg, 10 min, 22.16 sec. To aid in locating this facility, the approximate location is in Clovis 1/2 mile east of the intersection of Norris/Brady on Brady Ave. in Curry County, New Mexico. This application file has been assigned an Operating Permit Number P199LR2 and TEMPO Agency Interest ID No. 111.

Previously, the plant received an air quality construction permit and is in operation. The main purpose of the plant is to landfill Municipal Solid Waste (MSW) from the City of Clovis and Curry County. It also accepts commercial waste

This operating permit application is for a permit renewal. Per 20.2.70.401.C.(4) NMAC, this permitting action involves renewing the current Title V operating permit.

The estimated maximum air pollutant emissions to the atmosphere from this facility after the requested operating permit is granted are as follows: Total Suspended Particulates (TSP) at 17.7 tpy (+1.4 tpy) Particulate Matter 10 microns or less (PM<sub>10</sub>) at 3.0 tpy; Particulate Matter 2.5 microns or less (PM<sub>2.5</sub>) at 0.8 tpy; non-methane organic compounds (NMOC) at 9.9 tpy; The facility has minor source stack emission rates of green house gas emissions (< 100,000 tpy CO<sub>2</sub>e).

The NMED has conducted a preliminary review of the information submitted with the permit application. This review included evaluation of the emission rates and applicable requirements to determine compliance status.

The NMED has made a preliminary determination that this facility will comply with the requirements of Title 20, New Mexico Administrative Code (NMAC), Chapter 2, Parts 1, 7, 70, 71, 73, and 77; 40 CFR 50; 40 CFR 60 Subparts A and WWW and the New Mexico Air Quality Control Act. Therefore, the preliminary intent of NMED is to issue the air quality operating permit on or before May 11, 2012.

Interested persons may obtain the draft operating permit, submit written comments, or request a public hearing on Operating Permit Number [P199LR2](#). Contact the New Mexico Environment Department, Air Quality Bureau, Operating Permit Unit, 1301 Siler Rd, Bldg B, Santa Fe, New Mexico 87507-3113.

Written requests for public hearing must state the nature of the issues proposed to be raised in the hearing. Comments must be based on the requirements of the applicable state and federal air quality regulations and the Clean Air Act. Comments or hearing requests must be received within 30 days after the public notice is published.

The permit application, draft permit and relevant supporting materials are currently available for review at the Air Quality Bureau, Operating Permits Unit, 1301 Siler, Bldg B, Santa Fe, New Mexico 87507-3113. The Department contact in Santa Fe is [William Green](#) at [505-476-4345](#).
